

**UNITED STATES DEPARTMENT OF AGRICULTURE**

Farm Service Agency  
Washington, DC 20250

**Notice CMA-57**

**For:** FSA Offices

**Importance of County Offices Performing End-of-Day (EOD) Processing Each Business Day**

**Approved by:** Deputy Administrator, Farm Programs

---

**1 Important County Action Each Business Day**

---

**A**

**Background**

2-IRM, paragraph 235 details each function performed during EOD process.

When County Offices access any automated FSA-578, function according to 2-CP, Part 2, a computer file is built that transmits all applicable compliance data to KC-ITSDO. However, the process that actually triggers the transmission of that compliance data to KC-ITSDO is not activated unless the County Office successfully processes an EOD process.

---

**B**

**Purpose**

This notice reminds County Offices of the importance of completing the Start-of-Day SOD and EOD. EOD each business day ensures that compliance data is queued for transmission and sent to KC-ITSDO.

**Important:** Routine compliance transmissions are vital to ensuring that accurate and timely data is being processed and provided to Cooperative Marketing Association and Loan Servicing Agent for eligibility purposes by the weekly automated CMA process.

---

**C**

**Performing SOD and EOD**

County Offices shall on a daily basis, according to 2-IRM:

- paragraph 224, perform an SOD process
  - paragraph 235, perform an EOD process.
- 

---

**Disposal Date**

September 1, 2001

**Distribution**

All FSA Offices; State Offices relay to County Offices

---
